

# Johns Creek 1 Dam (McDaniel's Lake)

## Public Meeting

Date: Tuesday, October 17, 2017

Place: Craig County Courthouse New Castle, Virginia

Time: 7:00 PM

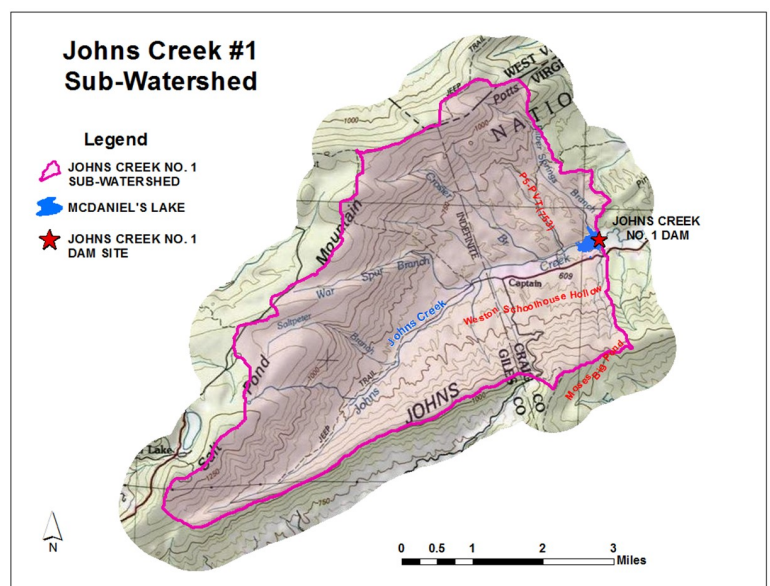

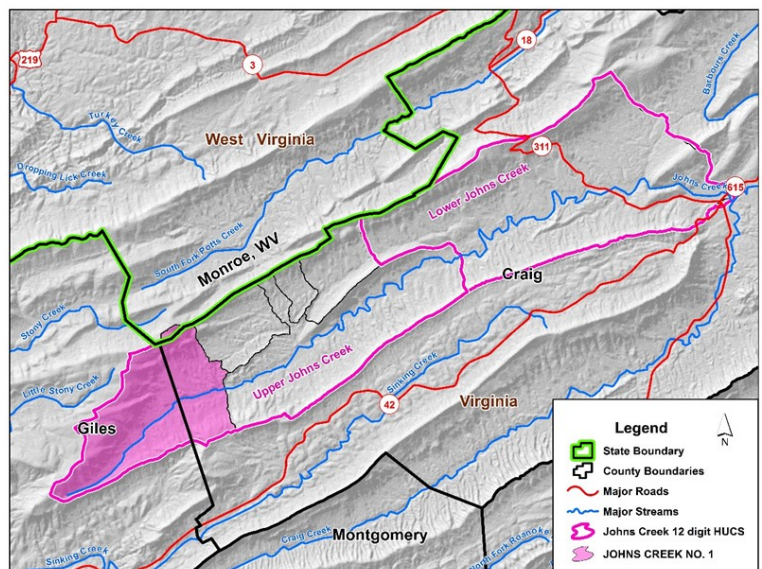

Sponsors: Craig County Board of Supervisors and Mountain Castles

Soil & Water Conservation District

The Craig County Board of Supervisors and the Mountain Castles Soil and Water Conservation District are working in cooperation with the USDA Natural Resources Conservation Service (NRCS) to develop a plan for the rehabilitation of the Johns Creek Watershed flood control dam #1 (McDaniel's Lake). The study is to determine the best alternatives for rehabilitation so the dam will meet current state dam safety regulations and design standards. Alternatives being considered include:

- No Action
- Decommissioning (Dam removal)
- Structural Rehabilitation
- Nonstructural Measures

The purpose of this meeting is to describe the study process and seek public input relative to the management of this structure for the planning horizon. NRCS, State, County and District staff will be present to discuss your questions and concerns. Please plan to attend.
