2018 Mountain Castles Soil & Water Conservation District Scholarship Application

Mountain Castles Soil and Water Conservation District is offering three \$1,000 scholarships -- one each to a graduating senior from James River High School, Lord Botetourt High School, and Craig County High School.

These scholarships will be awarded to students with a background in agriculture, conservation, forestry or environmental sciences and/or to a student pursuing an education in one of these fields or in a related field of study.

Preference will be given to students attending Virginia universities who have high academic standards and extracurricular activities in areas related to agriculture and/or natural resource conservation.

Scholarship applications should be submitted to Mountain Castles SWCD by April 9, 2018. The winning applicant will be recognized at the spring academic awards ceremony at his or her high school. A check will be issued to the selected college or university on behalf of the student.

James River High School students will be competing for the Harold P. "Bubby" Entsminger Honorary Scholarship. Lord Botetourt High School students will compete for the John and Hallie Seibel Scholarship. Students in Craig County will compete for the George Todd Memorial Scholarship.
